## CHAMBER SHRINK WRAPPING SYSTEMS

### S3 Wrapper

# DAMARK

**The S3 Wrapper is a single step shrink wrapping system designed for entry level shrink packaging. This chamber style shrink wrapper has a large seal area of 42 cm x 55 cm / 16.5" x 21.5". It does the sealing and shrinking in one operation using centre-folded shrink films at speeds of up to 5 per minute.**

### Features of the S3 Wrapper

- ◆ 3 operating modes – seal only, seal and shrink, seal then shrink.
- ◆ 16 programmable memories for storing operating parameters.
- ◆ Stainless Steel Product Loading Table.
- ◆ Stainless Steel Wipe Clean interior
- ◆ Teflon Coated sealing blade.
- ◆ Touch Pad Controls.
- ◆ Magnetic Hold Down.
- ◆ Product Counter.
- ◆ CSA approval available.
